

DESCRIPTION

Ventilation hoods BH-S type are destined for installation in ventilation systems of seagoing ships as well as offshore objects. They are provided with weather-tight/fire closing device in accordance to SOLAS regulations. BH-S type hoods can be installed in spaces sheltered against sea water splashes. Coaming is made of carbon steel St3Sx, hot dip galvanized, wire gauze is made of stainless steel 316 and spindle of closing device – stainless steel. The hood can be made with control wheel from upside (G) or downside (D). By ordering specify required nominal diameter DN and control wheel position.
